What was the QUESTION

John Schnell wondered what would happpen if he used a vacuum aspirator to suck on his cheek. **Sue King** and **Niki Yannaras** got a kick out of watching John trying to pull the filter flask off of his cheek and leaving him with a neat hickey.

Questions...questions...questions. Wherever you go in life everyone has always been faced with questions. A person has to respond to all the stimuli that they are exposed to. Many people react irrationally and because of that have to live with some bad decisions. If you had a good supply of information, however, you could react in a more logical manner and have a better chance of arriving at an outcome that would be more favorable. A person has the opportunity to learn many things throughout their high school days. If they use the knowledge that they were exposed to they should be able to make decisions that would be beneficial to them throughout their lives.

Lynn Stern and **Shannon Setser** could be wondering how to get better at spiking the ball.

Erika James and **Jenny Hausen** have questions about how they are going to be able to accomplish everything they want to in life.

Megan Novinc and **Allison Penko** want to help out any students who have questions about Key Club.

Coaches, **Chet** **Chris Howell** team is using.

Erin Morrison and **Cristina Vega** are probably wondering what they will be doing in a few years.

Nolan and **Mike Rezzolla** try to answer questions that and **Al Simpson** have about the offense that the other

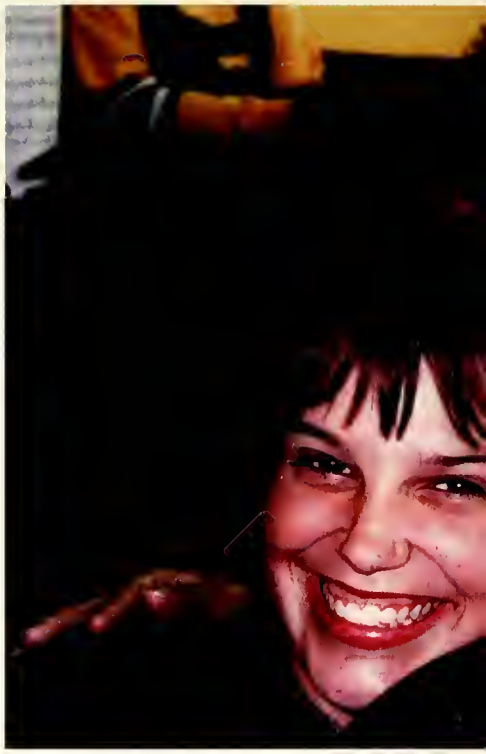
Allison Metti has no questions about the value that she is getting out of the time she is spending on the tennis court.

Christy Peacock knows why she is spending her extracurricular time performing at football games with the Majorettes.

What was the QUESTION?

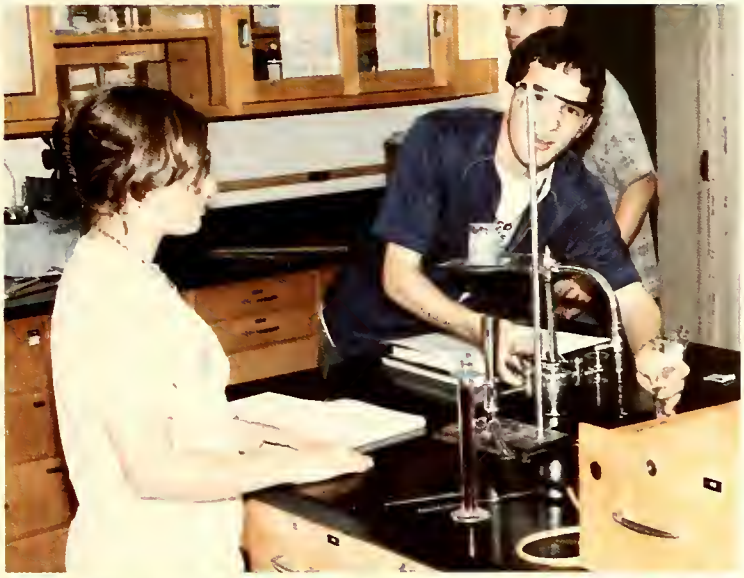
There is no question that **Bethany Fine** and **Vicky Yarish** enjoy each other's company.

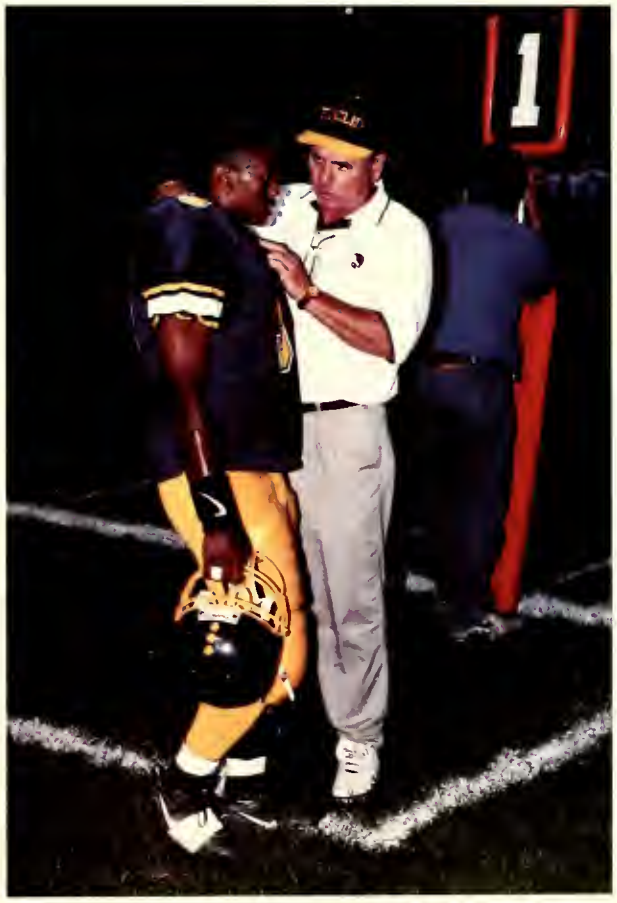
Dino Zuzik and **Dave King** have no problem understanding the importance of practicing to achieve one's goals.



There is no question about how much fun **Nick Mc Gill**, **Antonina Fiorelli** and **Jenny Cicco** are having during the Marching Band performance.
Kelly Kontra and **Zinal Patel** know the answers when it comes to enjoying school.
Students in Mrs. **Barbara Ramlow**'s class are searching for answers.

When **Cedric Carstarphen** got hit and had to come out of the game in pain, he had questions about whether or not he could play again. After a few minutes rest, though, he was able to get back into the game.





Gina Prodan and **John Copic** are looking for answwers in their chemistry experiment.
Head Coach, **Tom Banc**, is explaining the answers to some of **Mike Creer**'s questions between plays during a game.
Katie Kolar and **Mary Tisi** are trying to find the answers to getting the ball down the field.

STUDE

The life of a typical Euclid student can be very hectic and confusing at times. The school year began with the students trying to get their schedule worked out so that they were taking the classes that they had signed up to take. After that they had to figure how to get from class to class by the appropriate route so that lockers could be visited and friends could be met in the allotted time between classes. Students made new friends in their classes as the year progressed. There were many athletic activities and clubs that the students could attend throughout the year. Doing homework and attending afterschool activities such as jobs or service organizations took up much time. A student had a lot of activities to spend their time on throughout the year.

The football team spends much time preparing themselves for their games each week.

REBELS RAVAGED

Panthers rip South 56-0

The South Rebels proved no match during the 1997 Homecoming football game. The game was tied at zero for two minutes before **Terrence Moore** made it into the end zone on a 44 yd run. The rest of the game saw **Tony Fisher** running up and down the field scoring four times by rushing (51, 10,22, 35 yd runs) and twice by pass receptions (61 and 22 yd) before Tom Soini scored the last touchdown in a 56-0 rout. The game was played on a cool, calm, clear evening and was climaxed by the full moon rising in the east over the visitors bleachers. It was a perfect evening for a perfect game as far as the Panthers were concerned.

HOLLYWOOD STARS

Homecoming Dance takes attendees to Tinsel Town

The theme of Homecoming 1997 was "Hollywood Stars". Black and gold stars, along with a replica of the Hollywood sign, and miniature Emmy awards filled the E-Room ballroom. Almost 650 people danced the night away. The voting for Queen and King and Court took place at the dance and midway through the evening the Homecoming court was announced. Candidates for Sophomore Attendant were **Lindsey Nagode** and **Nicole Samsa**. Junior candidates were **Charmaine Allen** and **Leah Cherne**. Queen Candidates were **Lauren Arnold**, **Karen Lemieux, Jeneá Weems, Ebony Wheeler** and **Sarah Keller.** King candidates were **Tony Fisher** and **Matt O'Hara**. **Lauren Arnold** was crowned Queen and **Matt O'Hara** was King. Leah Cherne was Junior Attendant and Lindsey Nagode was Sophomore Attendant. The dance was a great success and an enjoyable evening for everyone involved.

Senior year was both an exciting and an anxious time for a student. It was exciting since seniors are the top class in the school, the people that everyone looked up to, the people who were soon to be graduated. But it was also a time when many important decisions had to be made. What classes should be taken? What was going on after graduation? Were they going to college? Which colleges should be applied to? How could they afford to do what they want to do? Do they have to get a job right away? How would they react to all the stimuli that they were presented with? Senior year was a fun time but it was also filled with questions that made it difficult for those who thought ahead.

Being a senior was what almost everyone in high school wanted to be. It was being at the top of the ladder. It meant having the most responsibilities. It meant having underclassmen looking up at you. It was as high as you could go at Euclid High School. You had to set examples for the rest of the school. The seniors were the ones who were the leaders.

WHAT'S ACROSS THE OCEAN?

Several seniors experienced it in their travels

Gina Prodan and **Ben Whittaker** were chosen to participate in a student ambassador program which took them to the United Kingdom and Ireland. The trip was a three week excursion from June 20 - July 11, 1997. The first stop was Scotland where they had the opportunity to play on the Old Course at St. Andrews, tour Edinburgh Castle, indulge in Scottish dancing, and experience Scottish homestays.

Two days were spent in Wales climbing many hills; viewing the sights of Hadrian's Wall, Slate Caverns, and Conwy Castle; and going for a toboggan ride.

A week was spent in Ireland where Irish hospitality was exhibited with homestays. The group visited Dublin, St. Patrick's Cathedral, Trinity College, Kilmainham Gael, Waterford Crystal Factory, and quite a bit more. They also had Irish dancing and Gaelic singing lessons and an opportunity to kiss the Blarney stone.

London, England was the finale of the trip. The group had a complete tour of the city; an opportunity to sit in on British Parliament, visit the Tower of London and see the Crown Jewels. Additional sites were Tower Bridge, Buckingham Palace, Kensington Palace, Westminster Abbey, Big Ben, Tate Gallery, Trafalgar Square, Harrod's Department Store, Oxford University, Picadilly Circus, and Gina's personal mecca, Covent Gardens.

It was an educational and simply unforgettable trip for everyone.

-Gina Prodan

Big Ben was one of the sights that **Gina Prodan** and **Ben Whittaker** saw while they were in London.

Mr. **Jeff Hartmann** was voted the favorite teacher by the most students.

WHO'S YOUR FAVORITE TEACHER?

Seniors revealed who they liked the most

The seniors were polled as to who their favorite teacher was. Almost fifty teachers recieved at least one vote which indicated that many of Euclid's staff appeal to some of the student body. The winner this year was Mr. **Jeff Hartman**. Second place was occupied by Mrs. **Carol Tkac**. Mrs. **Judith Mc Laughlin**, who retired last year, was in a close third place. Next was Mr. **Robert Heramb, Diane Maroli** and **Jan Severino**. Other teachers mentioned, in no particular order, were: **Cheryl Schossler, Ingrid Koenig, Barbra Masseria, Ellen Klein, Edie Mellen, Chris Torrelli, Barbara Spiga, Suzanne Murray, Tom Banc, Katie Morris, Sean O'Toole, Sally Pla, Betsy Anness, Susan Dennis-Rogers, Bill Von Benken, Deborah Petrick, Sue Amato, Vicki Nally, Terry Dubroy, Lisa Kurlander, Steve Marcu, Stan Bender, Mike Rezzolla, Marc Manburg, Kim Dixon, Nick Selvaggio, Janet Ulle, Doc Daugherty, Jo Rita Perez, Marcy Richards, Frank Jablonski, Ken Lowe, Jean Jelenic, Ron Zucca, Michelle Mc Garry, Greg Sattler, Beverly Howse, Reggie Echols, Kimberly Fish** and **Jim Kelley**.

Mrs. **Sally Pla** and Mrs. **Katie Morris** were both chosen by some students as being their favorite.

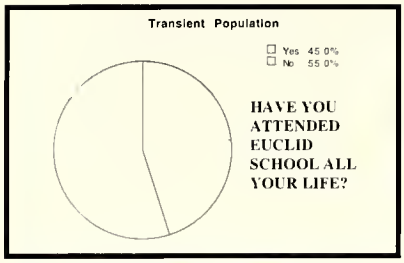
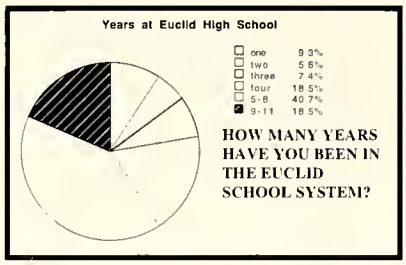
ARE ALL SENIORS NATIVE TO EUCLID?

Most seniors weren't born in Euclid





Euclid seniors were asked if they had attended Euclid schools all their lives. 45% of the seniors who an swered said that they had which was the same as the previous year. The rest of the seniors were in the Euclid schools anywhere from one to eleven years with the most frequent number being four years. This reflected a large number of students who attended parochial schools for the first eight grades and then came to the high school in the ninth grade. A little less than ten percent of the seniors have only been in the Euclid schools for one year.

Gina Prodan, Landon Proctor, Mike Paoloni, Jeneá Weems, Allison Mc Clain and **Amy Weinbrecht** had to come from their homes wearing a hat for hat day during Homecoming week.

Do you live in a house?

Most seniors do

Seniors were once again polled as to whether or not they lived in a house. Seventy eight per cent responded that they did live in a house. This was almost the same as the previous year when seventy seven per cent of the seniors responded that they lived in a house.

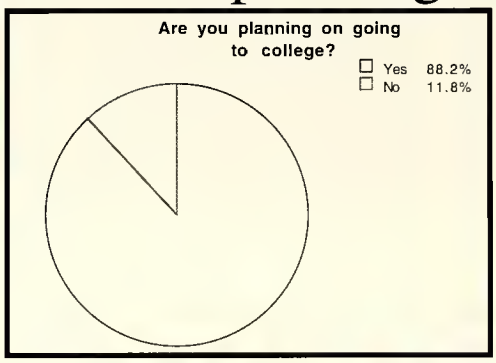
ARE YOU GOING TO COLLEGE?

Most seniors are planning on a college education



In a poll given to seniors, 88 per cent of the respondents said that they were planning on going to college. This was the same percentage of seniors that responded in the affirmative last year. This showed that members of the senior class realized the value of having education beyond a high school diploma.

GET INVOLVED

Many seniors were involved in Euclid activities

Activities at Euclid High School were an important part of many senior's lives. For many seniors their school life ended when the last bell rang at 2:25 PM (or even before if they had an early out). But for others, their school day was just beginning as they began their participation in many of the extracurricular activities that were offered. Many participated in athletics while others availed themselves of the many clubs and organizations that were available. Regardless of their interests there was probably something they could participate in if they had the desire.

Lori Mitskavich, Gina Prodan, Erin Patterson, Allison Melfi, Monica Povirk, Pat Di Lalla, Steve Yannaras and **Jennifer Grabiannwski** are all members of the National Honor Society and are involved in many other activities.

Sports gives students an opportunity to participate in activities at Euclid High School. Euclid has as complete a range of sports as almost any high school in Ohio. As well as Varsity and Junior Varsity sports there is also an extensive freshman sports program for anyone who is interested. If a student wants to participate in a sport, they are likely to find it offered at Euclid.

ANOTHER G.C.C. CHAMPIONSHIP?

Football goes unbeaten in G.C.C. but lost to a powerful Chardon team

The 1997 football season was memorable for several reasons. It was the last time that Euclid sports was in the G.C.C. since they would be entering the L.E.L. for the 1998 season. Most of the games were played in nice weather, a marked contrast from the rains of the previous season. As usual, the Euclid team supplied it's patented high power, explosive offense with the leader being senior, **Tony Fisher**. Last season, Tony was hampered by a deep shin bruise and was never able to get to his potential. This year he was healthy and Euclid's opponents found out just how devastating that was. Tony wasn't the only threat, however. The panthers had a huge offensive and defensive line that dominated most of the other teams. Tony led the area by gaining 1920 yards on 164 carries for a 11.7 yd/carry average which was almost 4 yds/carry more than the second place runners average. He scored 224 points which was 88 points more than the second place scorer. But Tony wasn't the only threat. For the first time in many years Euclid actually had a well rounded offense with **Fred Bush** at quarterback passing for 1046 yards on 114 attempts with 60 completions for 15 touchdowns. **Mike Creer** was Fred's favorite target and made 30 catches for 455 yards averaging 15.2 yds/catch. **Cedric Carstarphen** helped the cause by intercepting 6 passes. **Tony Fisher** became Mr. Football in Ohio for the 1997 season. He joined **Robert Smith** who won the award in 1988 and 1989. Euclid has been the only school to have two people win the award and win it three times. As a team Euclid rushed for 2833 yards and passed for 1098 yards for a total of 3931 yards which was the highest in the area. They scored 447 points while giving up just 111 which was the best in the area. The 1997 season was an enjoyable experience for everyone.

SUPER SEASON

The junior varsity football team did not have as good a season as the varsity. They finished the season with a 5-5 overall record and 4-2 in the G.C.C. They lacked a lot of depth and found it hard to score in many games.

The freshman football team had an excellent year and finished with a 6-1-1 overall record and 5-0-1 in the G.C.C. They won most of their games with overwhelming scores. They should be able to supply players for the varsity in the years to come.

WHAT HAPPENED TO GIRL'S TENNIS?

Girl's couldn't get it together

The Euclid Girl's Varsity and Junior Varsity Tennis teams were at a slight handicap this season due to the inexperience of many of the players. The teams were hoping to do better than the previous year since they were more mature but they ended up with a worse record. The varsity team ended with a 3-15 season overall, and a 1-7 record in the G.C.C. The G.C.C. tournament left Euclid in fifth place. The J.V. team finished with a 9-8 record and 4-4 in the G.C.C. The team looked forward to the next season when many of the players will have more experience.

The 1997 Golf team had a hard act to follow after last year's first place finish. It suffered from the loss of several important seniors and was not able to make up ground lost from the previous year. Last year also saw the retirement of golf coach, **Robert Ramlow** and the beginning of first-year coach, **Barbara Ramlow**. The team had a lot of fun throughout the year while compiling a record of 9-5. The J. V. team finished with a 5-5 record.

HOW DID VOLLEYBALL DO?

Volleyball showed some improvement from past season

Led by Captains **Amber Cogley** and **Becky Godec**, the varsity volley ball team accomplished a lot of goals during the 1997 season. Beating the #1 seed, Brush and going to the semifinals in the sectionals took a lot of effort from the whole team.

Leaving the team are three seniors, **Amber Cogley, Becky Godec** and **Chrissy Kovacevich**. Thanks to them the team went as far and worked as hard as they did. Coming back for next year, however, could be juniors, **Maria Williams, Erin Reilly, Tina Peric, Shannon Setser, Shannon Ivancic, Lisa Basalla** and sophomores, **Tamika Drake, Tina Amigoni** and **Allyson Kumel.**

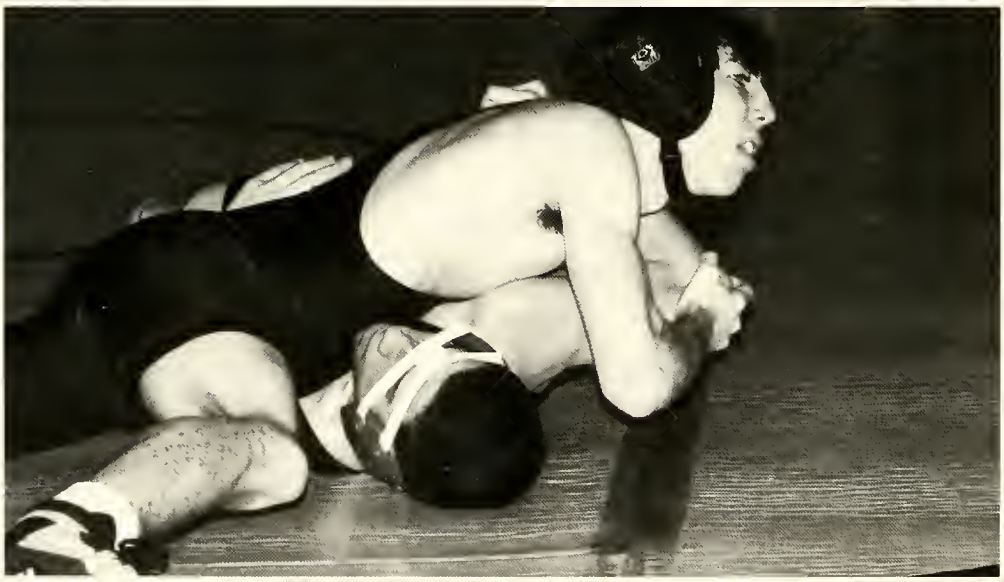
HOW DID THE WRE

Wrestlers showed an improved season

The Euclid wrestling team still suffered from not enough interested wrestlers although they did have a better season than in the recent past. There were a few seniors but the rest of the team were underclassmen who lacked the experience to compete effectively. There was also another change in coaching as **Scott Willingham** became the head wrestling coach.

Scott Trepal getting his opponent into a serious situation.



Shaun Trepal maneuvering his opponent into a position where he can get some points.

Kevin Carse trying to get into a position of strength with his rival.

Brandon Price trying to get out from under his adversary.

HOW DID BOY'S CROSS-COUNTRY DO?

Boy's Cross Country ended up in sixth

The boy's cross-country team really suffered from lack of participation and consistent talent with one exception. Mike Miklavcic was the one member who won almost every race that he entered. The problem was that the first five finishers determine the team score and there wasn't much backup for Mike. Mike was the G.C.C. champion and finished in the top ten in every invitational. He almost always finished in the top three in the meets. He was second in the district and eighth in the regional and went to Columbus where he posted a time of 16.40. It would have been a totally different season if there had been another good runner.

They finished ninth out of twelve teams in the District meet which was not as good a showing as they did the previous year. The team was fairly evenly matched with the rest of the conference.

DID BOY'S BASKETB

The 1997-98 Boy's Basketball team was not able to duplicate the production of previous years, but in an unusual finish was able to tie for first place in the G.C.C. The season began at a low point when senior, **Allen Slamic** suffered a knee injury before the season began and was out for the year. The team didn't seem to have much direction at the beginning of the year but as the season progressed **Antoine Fisher** and **Emmanuel Smith** began to show their talents and the team really took off. With an end of the season upset of Bedford by Maple Heights they were able to tie for the conference lead. The two games with Bedford had to rate as some of the best ever played. 438 points were scored in those two games with Euclid winning the first 104-103 and losing the second 114-117. The Panthers did well in their last season in the G.C.C. under the coaching of **Harold 'Doc' Daugherty** who has been coaching the panthers for almost forty years. The junior varsity had an excellent season and finished with only one defeat in the conference.

DID GIRL'S BASKETBALL HA

Tied for first in the G.C.C. and had a super season

Last year the lady panthers couldn't compete with North and Mayfield but this year was a different story. Mayfield was overpowered twice and the ladies split with North for their only loss in the G.C.C. This allowed them to share first place with Eastlake North. The panthers had height in the likes of **Delvona Oliver** who became one of the best players in the area and speed and excellent shooting. **Regina Smith** led the entire area with the number of three-point shots that were made. The team did not have great depth but it was able to go through the season without having any serious injuries and the starters were very good. The team was coached by **Scott Wilson, Rhonda Scharf** and **Sam Santilli.** The Junior Varsity did not have as much talent and did not do nearly as well as the Varsity. The freshman team, however, had a very good year which bodes well for the future.

Boy's soccer got booted

The 1997 Boy's Soccer team was a disappointment after the excep tional season they had two years earlier. They ended the season with a 5-8-3 record and 2-6-2 in the G.C.C. They were not able to get it together and did not score many goals throughout the season. The team members tried hard but there were just too many bad breaks that occurred in many of the games and they lost a lot of close games.

Girl's stumble after last year

It was a difficult year for the lady panthers. After the last two season's exceptional performances where they won the conference, 1997 did not show as much production. Even though many of the players from last year were back the team was not able to dominate the other teams as they did in the past. Because of this they ended the season with a 9-6-2 record and 4-3-1 in the G.C.C. and ended up in third place in the conference. The J. V. team ended their season with a 8-4-1 record.

HOW WAS HALF TIME?

Marching Band did more than play at football games

Usually the Marching Band performed at all of the football games and made a few extra appearances for concerts and similar activities at school. But this year, the band had many more opportunities for showcasing its talent. In the fall, the band traveled to Vermilion, Ohio to play in the annual Woolybear festival which was sponsored by Channel 8, whose weatherman, Dick Goddard, organizes the event. In one of the more exciting performances of the year, the band was invited to play in the Indians, World Series parade. The members departed from their traditional blue and gold uniforms and instead dressed completely in Indians paraphernalia including face paint. The biggest trip of the year, however, came in November, when they travelled to Disneyworld in Orlando, Florida to perform in a parade in the Magic Kingdom. The band raised money for this trip and prepared for it for two years, so it was very exciting when it finally came. It was a good way to end the 1997 Marching Band season.

HOW CAN YOU LEARN ABOUT THE MILITARY?

N.J.R.O.T.C. helps students get to college

Four years ago the Euclid chapter of the Naval Junior Reserve Officers Training Corps was founded at Euclid High School. The program gave students a chance to learn about the Navy and to learn about themselves. They participated in programs within the school by being guides during Parent-Teacher conferences and were color guards during football and basketball games. They went on trips to other schools and had competitions with other groups. The program enabled them to advance when they enrolled in college and secure funds for further education.

GLIDING ON THE SNOW

Ski Club had a fun time despite warm winter

Fifty-three Euclid students ventured out to Brandywine Ski Resort each Thursday evening during January and February and enjoyed the fun of sliding down the hills on either skis or snowboards. Even though the Winter of 1997-98 was one of the warmest on record there was good skiing due to the tremendous snowmaking capacity at the ski areas. The warm weather meant that while the slopes were covered with snow, those people skiing, or snowboarding did not have to suffer through subzero chill factors. A dramatic increase in the number of snowboarders this year kept the ski club at Brandywine where they have a half pipe and other snowboarding toys. Whether the snowy slope enthusiasts were skiing or snowboarding, they were able to have a fun time in the Winter.

WHY DO YOU NEED A JOB?

Students always find a way to spend money

Having a job was an important part of the lives of many Euclid High School students. For some it was something that they only did during the summer so they could devote more time throughout the year to their studies. But for most, it was a year-round job that they went to. Some students had jobs to help save money for post-secondary education but most of them used the money they earned to buy clothes, tapes, CD's and of course, cars. The car was often necessary so they could get to work so they could pay for the car.

WHY DO YOU WANT TO DRESS UP FOR HALLOWEEN?

Many Euclid students like to celebrate Halloween

Halloween was different for the 1997-98 school year since October 31 fell on a Friday and there wasn't any school since the teachers had an Inservice Day. Another problem was that Friday was the final regular season home football game and Student Council did not put on their annual Halloween Party of residents of the community since they felt the football game would interfere with the number of participants. Because of this, dress-up day was Thursday, October 30. Many students showed their spirit by dressing up in all types of scary and not-so-scary ways to celebrate the day.

HOW DO YOU GET THE NEWS?

The Survey tells what's going on throughout the school

SURVEY, the school's voice, managed to bring to the forefront, issues of concern from competition to exposés on drinking. The student paper operated on a higher level than before, with graphics and a smooth running team. The paper was like any publication, in that there was unity and of course the stress. Stress from meeting the deadlines, to trying to persuade people to open their minds and to provide their opinions. This was the ultimate mission of *SURVEY.*

This year, throughout the hassles that the staff stepped upon, there was a greater turnout of people eager to use the power of the pen. Students verbally expressed desires to use their talents, from photography to comics. In *SURVEY*, as long as one had a desire to commit, provide ideas, and possibly to lead the paper, there was a place for anyone.

This year's Co-Editors-in-chief were Susan King and Karen Salisbury. It was their job to make sure that everything got done and into place at the right time.

HOW DO YOU GET PUBLISHED?

Eucuyo publishes student's original works

Adviser, Mrs **Judy Stobinski**, discusses the plans for the year with **Natalie Beck, Jenna Kuklica, Dan Seifried, Allison Penko**, and **Mike Lawrence**.

Eucuyo was Euclid's Literary magazine, written, produced and composed by Euclid students. Meetings were held to gather ideas and entries to put together into a book that was suitable for many awards. Eucuyo was made possible by donations from the staff, businesses and parents. Without the outside support, the magazine would not have been nearly as successful. Previous year's efforts won awards for artistry and individual style. Following the trend that was begun in 1997, the 1998 Eucuyo was not printed but instead was published on an online message. The Eucuyo had their own web site on the world wide network. Anyone could enter their work, and anyone could join. Mrs. **Judy Stobinski** was the adviser for the group.

DO YOU REALLY KNOW

There were a lot of rumors about the Fall Play

This year's Fall Play was a comedy full of laughs. Written by Neil Simon, Rumors was definitely a fitting name for the show. In the play the deputy mayor of New York, Charley Brock, apparently attempted to commit suicide before his tenth wedding anniversary party. As the guests arrived they tried to keep what happened quiet, and at the same time figure out what happened to the servants and to Charley's wife, Myra, who are all missing. And then, to make matters worse, the police showed up.

The talented cast consisted of seniors, **Alan Rice**, and **Jennifer Grabianowski**, juniors, **Dan Seifried, Jon Hoinski, Jessica Hendrickson, Jenna Kuklica** and **Val Van Ho**, and sophomores, **Mike Lawrence, Nate Dore** and **Aisha Howard**. HOW DO YOU LEARN ABOUT

The P. A. Announcers and the Media Aides help keep the school informed

Competition was humorous, especially noting that many students had the opportunity to jeer at their friends as they saw them on the television screen. But the highlight came when the letters of acceptance to a team of broadcasters were given.. Instead of the news being given over the P.A., it was conducted live, and always with people one was bound to remember. This year's team of broadcasters included: **Mike Seifried, Dan Seifried, Dawn Merritt, Devin Voll, Lauren Arnold, Courtney Strah, Erin Flynt,** and **Jill Swansegar.** Each person had a specific day that they were on, and all had to arrive at school by 7:30 to prepare. Usually there was time to review, but sometimes there were moments when there were 'last minute' pieces given that could not be rehearsed. In order to get the news to the classroom, however, the Media Aides had to set up the cameras and control what was going on in the studio. As the specific anchormen for the day assembled in the media room, cameramen like **Tom Feldkamp, Jim Janosik** and **Brandon Bucar** and Adviser, Mr. **Allen Black** provided moments of entertainment with their wicked senses of humor. They were in charge of the media room, the comedic graphics, the songs and the positioning of the cameras. The highlights of the week were then presented to the audience, live and full of laughs.

HOW DO YOU ORGA

Student Council is the organization that gets the jobs done

Politics. Arguments. Friendship. Service. Ideas. Fiery spirits and apathetic smiles. You got all that and more out of Student Council. From Homecoming to Prom, the Euclid High School Student Council was there. The Executive Board consisted of Chanel Lockett, Christy Peacock, Leah Cherne and Jill Swansegar

Homecoming weekend kicked off with each of the candidates giving a little speech on the morning announcements. The candidates were escorted by their parents at the football game and students who attended the Homecoming dance voted on the candidates. Throughout the year there were penny wars, balloon corsages and locker decorations that students could purchase. In January they raised money for victims of an apartment fire that occurred in Euclid.

Although many things were more work than fun, weekly meetings were often chaotic and nerve-racking, and friendships and school-politics sometimes didn't mix well. It all came together in the end and the events of the school year were a success. Mr. Brad Mc govern and Ms. Mary An Peters were the advisers for Student Council.

KEEP IT LOCKED

A locker was a student's storage place away from home. It was a place to keep clothes, books, pencils, paper and all the other items that most students found necessary to help tame the jungle of problems that they faced each day at school. Most students just used their lockers for storage, but others used their lockers as a means of self expression as shown by the way that they decorated them.

Lockers are a way for some students to express themselves

Kim Kosovich and **Jenni Emser** want everyone to see what they have in their lockers.

Clockwise from top left: **Jessica Scott, Jeneá Weems, Jennifer Kosovich** and **Kelly Baylog** show off their nicely decorated lockers.

Top to bottom: **Vicky Yarish, Christy Peacock, Allison Hrovat, Kelly Collins, Shannon Glatz, Kristy Berkheimer,** and **Kristin Clark** all have interesting lockers.

EMICS

An important part of any school is its staff. There must be communication between the staff and the students. In order to accomplish the job of learning there must be a smooth working relationship between all the different people on the staff such as teachers, secretaries, custodians and food service employees. Euclid has always had a good relationship between the different groups so that the business of learning can proceed.

Mrs. **Connie Warman** keeps things in the athletic department running smoothly when anyone has questions.\

High school is a place to have questions answered

Take Note

The goal of the staff at Euclid High School was to provide each student with a chance to get the best education that he or she could. In order to do this the staff had to put in long hours preparing lessons, making and grading tests, grading papers, attending meetings, filling out reports, making schedules and doing all the other things necessary to keep the school running. Everyone had questions that had to be answered.

RCLASS

Underclassmen range from students who are brand new to the school (freshmen), to students who are very experienced in the ways of the school (juniors). Most of them are hard working students who want to be able to succeed in the world and realize that a high school education is only the beginning if they are to be successful. Underclassmen have to be able to sort out the necessary stimuli from the unnecessary ones to be able to attain their goals.

Class of 2001

Freshmen entering Euclid found themselves in a new and extremely large environment. When asked what their first impression of the school was the majority replied that it was BIG!! It was far larger that the middle schools that they were accustomed to. The fact that it was so hot in August when school began made the transition to the high school uncomfortable for many freshmen. As the year progressed however, the weather cooled and students became familiar with the sights and sounds of the school and most adjusted to the high school way of life.

Right: On the first day of classes many freshmen found out how large the cafeteria was and had to get used to the procedures for getting their meals.

Below: Freshmen using the vending machined to get some of the food that they desired.

Below right: Freshmen relaxing during their first hectic day enjoying their lunch.

Sophomores try to get their act together

The sophomore year was an enjoyable one for most students. The building was much more familiar and it was much easier to find your way around. After escaping from the ninth grade most students were able to establish themselves as young adults who wanted to get ahead. Many chose that year to become involved in the many extracurricular activities that were available such as sports and clubs.

Allison Penko and **Melissa Waina** are learning a lot or things about the world around them in chemistry class.

IN THE GROOVE

Sophomores know more about the school

Sophomores have been at Euclid for a year and, therefore, have a much better understanding of how the school operates. Many sophomores are still awed by the size of the school but most of them have settled down and know how to exist within its confines.

Kristy Berkheimer enjoys passing her time as a Majorette.

Michael Miklavcic and **Amy Burya** look as if they had a good time at Homecoming.

Nate Dore and **Kirsten Knauss** were enjoying themselves at Homecoming.

Mike Lawrence and **Amy Weinbrecht** explore some of the different ways that a Fisher burner can char paper.

Allison Penko and **Melissa Waina** are well established at Euclid. Allison is a cheerleader while Melissa is an important part of the soccer team. They are also excellent students.

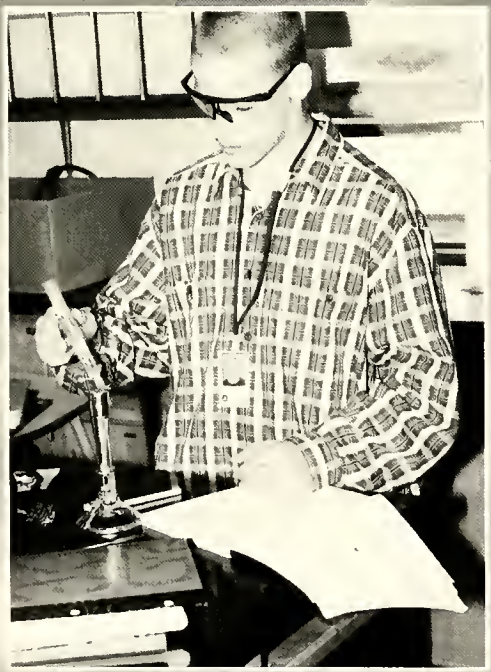
Class of 99

Juniors are within one year of graduating

The junior year of high school was one of the most important ones in a person's education. It was a time that students had to seriously think about what they were going to be doing for the future. Education after high school was almost a necessity if a person wanted to get a good job. The days when a person could drop out of school and get a good job in manufacturing were gone. Good jobs required some schooling after high school so many juniors were thinking about colleges and universities. This meant that tests like the PACT, PSAT, SAT and ACT had to be prepared for and taken. The courses that students took had to be compatible with what they were planning to go in to. Junior year also usually meant that the student had their driver's license and many had cars that enabled them to get around without parental help. Many had jobs to help supply them with money so they could participate in many of the things that interested them. It was an exciting and sometimes scary year for students.



Kevin Carse always works hard in all of his classes.

Dear Vic,
These last 13 years have been hard for you (and me), but you've made it to be a beautiful and intelligent young woman. Now it is time for you to continue you're life and make it even better than it already is.
Love always, Mom, Dad, Kim, Amp, Tish, Jr, Ericka, Family and Friends.
P. S. Remember, whatever you put your mind to, you can accomplish.

CLOSING

Colophon

Josten's Printing and Publishing Division at State College, Pennsylvania printed the 650 copies of the 1998 *Euclidian*. The book was printed on Gloss 191 paper stock and included 48 pages of full color. All pages were created using the Aldus PageMaker® 5.0 program running on a Macintosh IIsi computer that had 17 megabytes of RAM, a 540 megabyte hard drive and a Daystar Powercache 50 megahertz accelerator card with math coprocessor installed. The pages were backed-up onto a 88 megabyte Syquest removable hard disk. A 21" black and white, two page monitor made page layouts much easier. A second Macintosh IIsi computer with 17 megabytes of RAM and a Video Spigot card was networked to the first. Both computers were running System 7.1. Digital images were imported either directly from a Sony Mavica MVC-A10 Still Video Camera into the Video Spigot or were scanned in from a photograph using a 600 dpi scanner. The images were processed using Adobe Photoshop® which had Kai's Power Tools® plug-ins installed. Graphics were produced using Aldus Freehand®, Type Styler® and Microsoft Works®. The index was made using the Josten's program, Last Name First®. The pages were recorded on 3.5 inch floppy disks and 88 megabyte Syquest disks and hard copy was printed on a Hewlett Packard LaserJet III printer. The hardcopy and disks were sent to Josten's who stripped in the photos and produced the final copy on a Linotronic printer. The first deadline was submitted on a Syquest disk since there was so much memory needed. The rest of the deadlines were submitted on 3.5 inch floppies. The cover was designed by the **Josten's Art Department.** Pages were submitted to the plant on five deadlines: November 3, November 24, December 19, January 26, and February 23. The pages were submitted as double page spreads. All the color pages had to be in the first deadline since their production entailed so much work. Since the final deadline was in late February, nothing that occurred after that time could be included in the book. One new thing this year was Pay-By-Mail where the students ordered their yearbooks in the Fall and all were pre-paid by the time they arrived.

Thank You

The staff of the 1998Euclidian would like to extend thanks to all who helped to make this book possible. First and foremost, thanks have to go to the adviser, **Mr. Von Benken** for the many long hours of hard work and planning that had to be put in to get the entire operation going and to keep it going. Others to be thanked are: **Ohio School Pictures, Inc,** for supplying film and processing for the many pictures that appeared in the book and for taking many of the team pictures, senior and underclass pictures. **Josten's Yearbook Company** for putting it all together in such an artistic manner, **Charlotte Elston** for all the time she spent arranging photography dates and supplying needed materials, **Joannne Hodder** and **Joan Linderman** and **Steven Bowman** and **James Poulson** for all the time and work they did trying to get the senior pictures arranged and taken, all the writers and photographers who contributed their time, and last but not least, the entire student body at Euclid High School without which this book could not exist.

Mike Jochum, Matt O'Hara, Josh Hammond, Matt De Wine and **Pat DiLalla** enjoying themselves in the E-Room during their lunch period.

Staff

Many people helped in some way with the 1998*Euclidian*. Some wrote stories while others worked on the laying out of the book while others helped in the mailing of letters. Some of the students who did some work were **Lori Mitskavich, Courtney Strah, Erin Patterson, Gina Prodan, Courtney Valentine, Lauren Arnold, Jeneá Weems, Michaelann Murphy, Zinal Patel,** and **Mr. Von Benken.**

Disclaimer

The 1997-98 school year is history. Many interesting and significant events occurred during that time and the *Euclidian* tried to cover as many of them as possible. This was difficult due to the limited staff. If we missed something, we are sorry. We sincerely apologize for any errors or omissions that occurred in the book but you have to understand this is only a high school publication and mistakes can happen.
